

Event Information

Saturday, September 11, 2010

9 am to 4 pm

Dayton Engineers Club

110 E. Monument Ave.

Dayton, Ohio 45402

Scholarships are available!
For more information call 937/849-9140,
or email info@prolifetechnology.org

Purpose

The purpose of the conference is to provide a forum for professional and technical members of the pro-life community to share information. Those with a technical or professional interest in the pro-life cause are encouraged to attend.

We offer technical presentations in areas such as abortion, demographics, cloning, information technology, abstinence education impact, population studies, stem cell research, genetic engineering, euthanasia, statistics, social sciences, pregnancy counseling impact, and use of computer technology.
